Vocational Competence Certificate

What is VCC?

Vocational Competence Certificate (VCC)

Unified system of certifing vocational competences added to formal system of education.
VCC idea was born in 2007 roku.

VCC idea

- ✓ VCC idea was developed in accordance with the **needs of employers on international job market**.

- ✓ Researches and forecast of VCC Foundation are compliant with **European Union strategy** (reflected in operational programmes involving occupational mobility in the years 2007 - 2013 and, in particular, in the years 2014 - 2020).

- ✓ Activities of VCC Foundation also respond to activities undertaken within Polish and European Qualification Framework aiming at promoting occupational mobility of employees as well as facilitating the implementation of life-long learning.

CERTIFICATE

VCC in EU strategies

VCC system is compliant with premisses of:

- ✓ **Europa 2020 strategy,** VCC confirms the already acquired qualifications in non-formal and informal systems and corresponds with assumptions of EUROPE 2020.

- ✓ **CELAN project**, A professional foreign language aimed at specific professions has been included in VCC vocational education process.

- ✓ **EU initiative "New Skills for New Jobs„** in the area of adapting education better to the existing needs of the labour market and including in the learning proces key competences such as professional foreign language as well as IT and social competences.
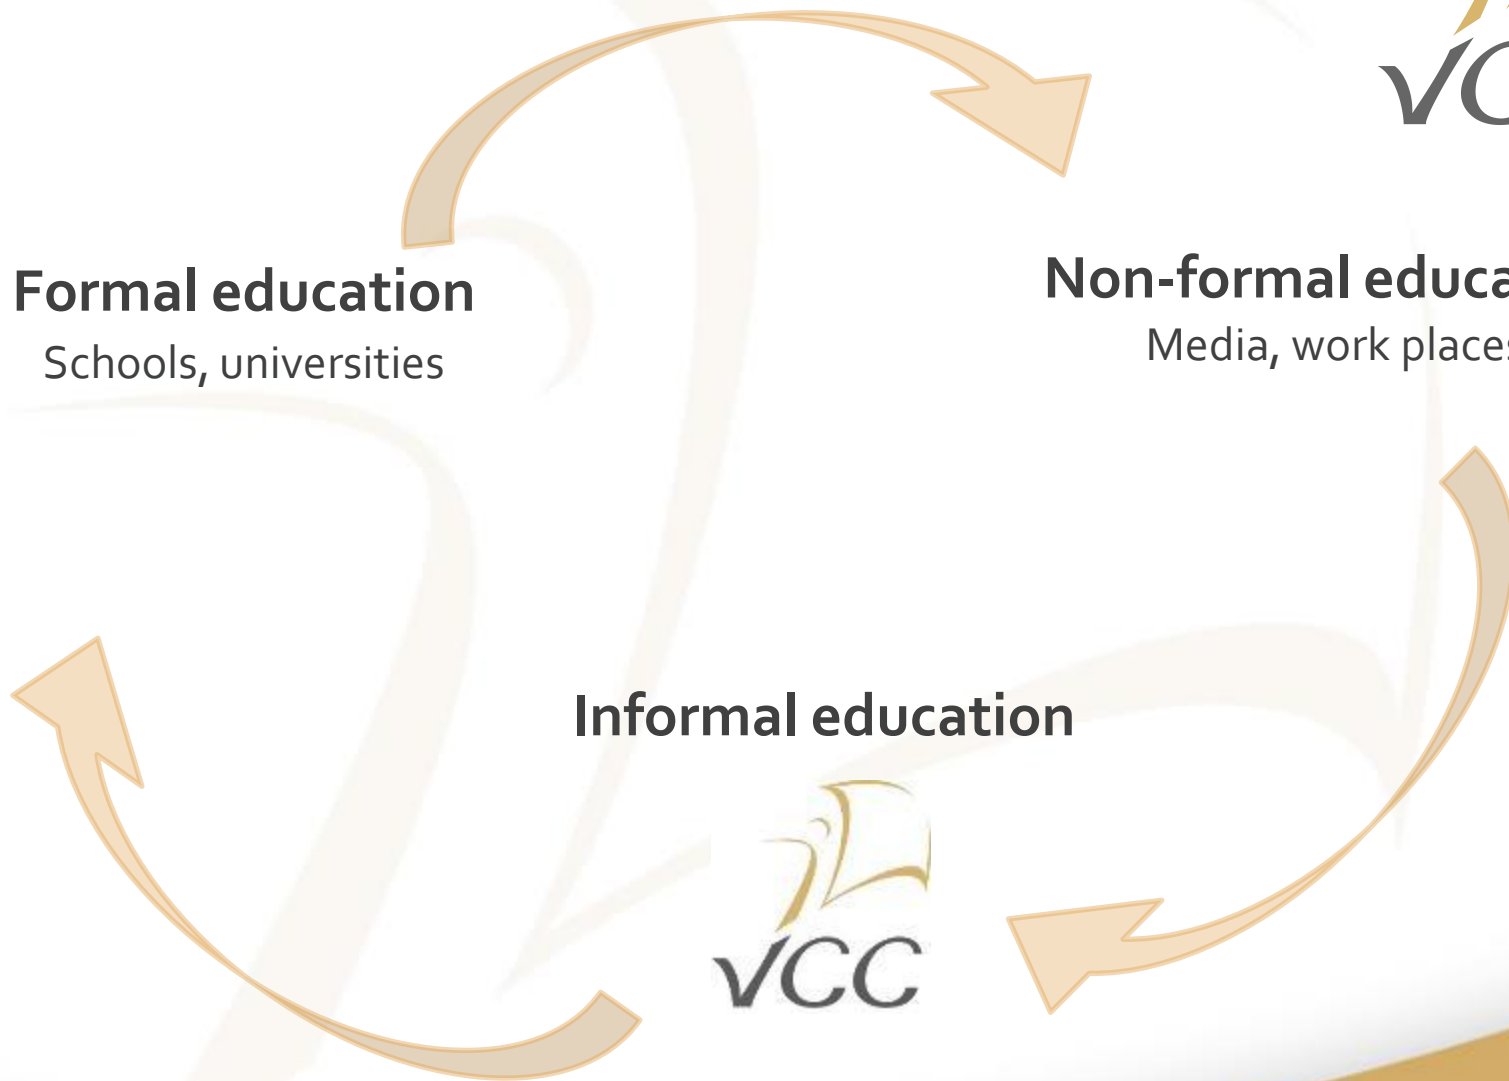

VCC in educational system

Formal education
Schools, universities

Non-formal education
Media, work places

Informal education

Idea – from training to employement
